KPMG named Best Fund Audit Firm

Hamilton, Bermuda: KPMG in Bermuda has announced that KPMG has been named the Best Fund Audit firm by IFI (Funddomiciles.com).

The award was presented in London on January 19, 2011 after IFI's Annual Conference on the future of fund domiciles. Craig Bridgewater, Lead Partner, Investments & Banking noted: "We are very pleased that KPMG has received this award. It recognizes our service across international fund domiciles, including Bermuda."

Funddomiciles.com offers the global fund management industry a single, comprehensive source of information on the world's international fund domiciles and the service providers that are based within them.

Launched in Paris in 1992, IFI was one of the first publications to provide comment, news and analysis on both the European alternative and mainstream asset management industries. It has also expanded into proprietary market research and events, as well as launching a trio of industry and investor-facing websites.

KPMG garnered this award in a vote of over 200 investment managers, administrators and fund lawyers drawn from the largest EU and non-EU fund domiciles.

The accolade is a reflection of KPMG's positioning in both the EU and non-EU fund domiciles where we have a strong team of professionals working together across borders.

"This award is a perfect example of KPMG's commitment to quality, and the industry and its clients both recognize that commitment," says Mr. Bridgewater, "It is not only our pledge, but our track record that is being held up as a leader in the auditing field."
